

This is my daughter Shelbi and son LeeRoy Winward from Idaho. They both love the outdoors, especially Rodeoing. This year, Shelbi signed on as a Distributor and LeeRoy signed on last Fall. Both are doing very well in the business and because of that, they can afford to do their extra "hobby"!

Rodeos are fun, exciting and Expensive! Our youngest, not pictured yet, will start in June with Junior Rodeo riding calves. These two compete with their High School and Amateur Rodeos across South-East Idaho which means a

lot of traveling! But they are all worth it!

You see, if it wasn't for Scent-Sations, our kids would not be able to do something that they enjoy. The costs for the Rodeo equipment, safety equipment, costs for the horses, gas going to the Rodeos, entry fees, etc, is above what we could afford two years ago.

Before I joined the Scent-Sations Family, we were having to say "no" frequently to our kids on everything because money was so tight. Scent-Sations is the reason we can now say to them, "yes you can!" Because of this our son, LeeRoy, took Reserve Championship in Bull Riding this past weekend and is taking his second trip to compete in the 2005 State High School Rodeo Competition in two weeks. AWESOME!

If I hadn't seen the potential in the Mia Bella Candle and it's Opportunity, well I can't even think of how it might have been. Especially for my kids! I just thank the man above each day for this great opportunity and the wonderful Team under me!

I love this company! I'm a Stay At Home Mom because I CAN!

**Debbie Winward, Idaho Distributor**
